

Trick Me (DJ SuperFresh remix)

Kelis

Wooo

This is it yeah

Wooo Said I've paid all my dues for what I've done

And I showed you that I love you more than once

There's nothing left there to decide

Said you might trick me once

I won't let you trick me twice

Freedom to us has always been a trick

Freedom to you has always been who ever landed on your dick

Seen it in your one to many times

Said you might trick me once

I won't let you trick me twice no Might trick me once

I won't let you trick me twice

Might trick me once

I won't let you trick me twice no

Might trick me once

I won't let you trick me twice

No I won't let you trick me twice Those days are old and overdone

And it's only cause I'm not with you that makes me number one

Though I may love you

I hurts me deep inside oh

Now you no longer have to hide I used to be down with the late night hit

Started gettin' heavy when I really wasn't ready

Used my class to get in my mind

So I fell for your lies like all the time

I thought you were the shit to be playin' around

Call the police there's a mad girl in town

Couldn't get even here without a sound

It's not how I want to get down yeah you Might trick me once

I won't let you trick me twice

Might trick me once

I won't let you trick me twice no

Might trick me once

I won't let you trick me twice

No I won't let you trick me twice

No I won't let you trick me twice And I've paid all my dues for what I've done

And I showed you that I love you more than once

There's nothing left there to decide

Ooh trick me I won't let your trick me twice

You might trick me once
No I won't let me trick you twice no
You might trick me once
No I won't let me trick you twice

Woooo

Peace
