

# Ballroom

## David Devant & His Spirit Wife

There's someone waiting  
in the ballroom  
in the ballroom  
And they're preparing  
to meet with their doom  
in the ballroom  
Yah! Yah! Yah!

There's a body  
lying in the study  
in the study  
And its clothes  
are tattered and bloody  
In the study  
Yah! Yah! Yah!

I've got something  
cooking in my kitchen  
in my kitchen  
in the kitchen  
But you don't want to know  
quite what's in the kitchen  
Yah! Yah! Yah!

I look to my friend  
and I see in his eyes  
I mustn't falter  
I mustn't falter  
Changing the evidence  
isn't so wise  
The facts don't alter  
The facts don't alter

All of this murder  
gives me palpitations  
Monsters and ghoulies  
and manifestations  
I can't believe this  
is really happening to me

Yah! Yah! Yah!

And now I turn to Uncle Jo  
He rolls the dice 'cos it's his go  
He lifts his hand to scratch his chin  
'cos when he plays, he plays to win

Now let's turn to cousin Sarah  
I pull a face to try and scare her  
To Uncle Jo she shows her cards  
He says piss off! Let's play charades

And now I see across the table  
The grinning face of Auntie Mabel  
I look at her my knees grow weak  
Her mouth trembles  
she starts to speak  
It was Miss Scarlet  
in the ballroom  
And she was using  
(what was she using?)

The la la la la la  
la la la la  
Lead piping  
It was the  
la la la la la  
la la la la  
Lead piping
