

# We Right Here

DMX

Bring it! What?  
We right here  
We're not goin anywhere  
We right here  
This is ours and we don't share  
We right here  
Bring your crew cuz we don't care  
We right here  
Uh, uh, uhOne mo' time!  
I gots to hit the streets off  
Make the streets talk  
Let 'em know it ain't a sweet walk  
This gon' be  
The only joint made this year that'll knock 'til 2003  
And y'all gon' see  
That the hottest nigga out there, was, is, and will be me  
Just like that  
I can go away for a minute, do some other shit, but bounce right back  
And when it's on  
I'm comin strapped, with some shit that'll spit from dusk 'til dawn  
And when you gone  
Ain't no comin back in the morn!  
You think that shit was a dream, nigga? You gone!  
That's for real  
Creep niggas like a seal  
Totin steel  
Stick a nigga make him squeal  
"Oh, my God!"  
Those can't be the last words of ya man! Damn, ya man was so hard!  
Come on!Bring it! What?  
We right here  
We're not goin anywhere  
We right here  
This is ours and we don't share  
We right here  
Bring your crew cuz we don't care  
We right here  
Uh, uh, uhHere we go again  
How many million did my last one sell? Fuck it, I'm goin for ten!

This never gon' stop  
And every fuckin time I hit you it's goin straight to the top of the charts!  
The champion  
I'm a thoroughbred, my blood is strong  
And I scratch 'til you done  
Cross the line  
And ain't no more scratches after that, straight up, niggas is dyin  
Yo, what the fuck  
Is you cats doin runnin around like this, like you won't get stuck?!  
Yo, that's my word  
I stay givin it to niggas, and I stay not really being heard  
But, y'all gon' see  
That the same things thou did to them, will be done to thee  
And then you'll know  
That sometimes though you come through the front, you leavin out the backdoor!  
Come on! Bring it! What?  
We right here  
We're not goin anywhere  
We right here  
This is ours and we don't share  
We right here  
Bring your crew cuz we don't care  
We right here  
Uh, uh, uh Bring the noise  
And you better come with niggas you don't give a fuck about, cause you gon' lose your boys  
Cause we don't play  
And the silencer will silence any cocksucker with somethin to say  
Dog for life  
Whether I'm on or off the leash I bite, streets are my life  
Click click boom!  
Another life taken too soon, another mother had a funeral  
Still waters run deep  
And the pain is forever alive inside, makes it hard to sleep  
But I keep goin, goin  
Shit I'm always careful when I walk, I'm always seein, knowin  
The dog gone live  
Stay walkin the wire, over the fire, when I can I give  
The dog is good  
And how it's stayin dog gon' fuck with the hood  
The dog fuck with the wood Bring it! What?  
We right here  
We're not goin anywhere  
We right here  
This is ours and we don't share  
We right here

Bring your crew cuz we don't care  
We right here  
Uh, uh, uhBring it! What?  
We right here  
We're not goin anywhere  
We right here  
This is ours and we don't share  
We right here  
Bring your crew cuz we don't care  
We right here  
Uh, uh, uhWe right here, uh, uh, uh
