

Dogs Get Put Down

Emmure

I heard you wanted to kill me
So why am I still alive?
I heard you wanted to kill me
So come on, so come on
Why don't you try? They put a price on my head
I stay bangin', I stay strapped
They put a price on my head
I stay bangin', I stay strapped I heard you wanted to kill me
So why am I still alive?
I heard you wanted to kill me
So come on, so come on
Why don't you try? I know it's hard to believe
But sometimes dead is better
I know it's hard to believe
But sometimes dead is better I'm not afraid to die
Do me a fucking favor
Take my fucking life
I'm not afraid to die
Do me a fucking favor
So take my fucking life I'm not afraid to die
I'm not afraid to die
I'm not afraid to die
So take my fucking life I heard you wanted to kill me
So why am I still alive?
I heard you wanted to kill me
So come on, so come on
Why don't you try?
Why don't you try?
Why don't you try?
