Dogs Get Put Down

Emmure

I heard you wanted to kill me

So why am I still alive?

I heard you wanted to kill me So come on, so come on

Why don't you try? They put a price on my head

I stay bangin', I stay strapped

They put a price on my head

I stay bangin', I stay strappedI heard you wanted to kill me

So why am I still alive?

I heard you wanted to kill me

So come on, so come on

Why don't you try?I know it's hard to believe

But sometimes dead is better

I know it's hard to believe

But sometimes dead is betterI'm not afraid to die

Do me a fucking favor

Take my fucking life

I'm not afraid to die

Do me a fucking favor

So take my fucking lifeI'm not afraid to die

I'm not afraid to die

I'm not afraid to die

So take my fucking lifeI heard you wanted to kill me

So why am I still alive?

I heard you wanted to kill me

So come on, so come on

Why don't you try?

Why don't you try?

Why don't you try?
