It's The Fear

Within Temptation

Waits for the day, will let it out
Give it a reason to give it it's might
I fear who I am becoming
I feel that I am losing the struggle within
I can no longer restrain it
My strength, it is fading
I have to give in
It's the fear
Fear of the dark
It's growing inside of me
They won, they will come to life
Have to save
Save my beloved
There is no escape
Because my fate is horror and doom
Hold down your head now
Just let me pass by
Don't feed my fear
If you don't want it out
I fear who I am becoming
I feel that I'm losing all beauty within
I can no longer restrain it
My strength, it is fading
I have to give in
It's the fear
Fear of the dark
It's growing inside of me
They won, they will come to life
Have to save
Save my beloved
There is no escape
Because my fate is horror and doom
Long ago, it came to me
And ever since that day
Infected with its rage
But it ends today
It's the fear
Fear of the dark
It's growing inside of me

They won, they will come to life
Have to save
Save my beloved
There is no escape
Because my fate is horror and doom
