

Waterfalls

Timomatic

Listen up!

Hey sexy lady you got me faded
Like a Mercedes you're so amazing
Hey sexy mama, you make me wonder
How I get under that freaky thunder
You get that lighter, now I'm on fire
Like a ghost rider, you're my desire
We burn the phone up, burn it like sofa
Get in like toaster, no super soaker

Waterfalls of you love rain down on me now
Rain down on me now, yeah
Waterfalls like a flood rain down on me now
Rain down on me now, yeah
Go!

Ok but baby, you are my favorite
And when you shake it I'm on that chasing
Girl want your number
Got that rumble, so hot like summer
Baby come closer
Hey seniorita I got that fever
You can get heat up
I'm a believer
We burn the phone up, burn it like sofa
Get in like toaster, no super soaker

Waterfalls of you love rain down on me now
Rain down on me now, yeah
Waterfalls like a flood rain down on me now
Rain down on me now, yeah
Go!

Yeah, you heat it up, heat it up yeah
Try to doubt, try to doubt girl
Yeah, so burn it up, burn it up girl
Yeah, let's shut it down, shut it down girl
Oh baby rain down on me now
Rain down on me now

Waterfalls of you love rain down on me now
Rain down on me now, yeah
Waterfalls like a flood rain down on me now
Rain down on me now, yeah
