Despair

Acrania

Always walking through
The meaning of life
Despair and agony
Until my last goodbyeThere are no more words left
In these world of death
There are no more excuses
For not to pull the trigger tonightTaste the steel and know what is in the other side (x2)
Taste your fucking pain!Don't!
Don't let the time to heal you
Destroy your eyes to seal the pain of that remainsNow leave
Leave this world behind
Behind of all that makes you sick and makes you bleed
Now take
Take this gun into your hands
Observe the tight line between death and lifeYou must shoot
Put your suffering down
Destroy your tears and scars forever
Take the pain away (x2)One world, one shot (x2)
Take my hand I'll make you see that
There are no more words left to sayI will take your dreams and I will let you...Don't!
Don't let the time to heal you
Destroy your eyes to seal the pain of that remainsNow leave
Leave this world behind
Behind of all that makes you sick and makes you bleed
Now take
Take this gun into your hands
Observe the tight line between death and lifeYou must shoot
Put your suffering down
Destroy your tears and scars forever
Take the pain away (x2)The sky is turning red
My eyes are full of blood
I can feel the ground, I know I'm still aliveThe sound of a twisted mind
The crash of the bullet inside
Years and years of lies
Now it ends with a great smile...
