You Ought To Be With Me

Al Green

Sit right down and talk to me
About how you want to be
You ought to be with me
Ya, you ought to be with me
Thinkin' about what people do
Talkin' about how I love you
Thinkin' there's nothin' to what they say
You're gonna to be with me, anyway
They don't want to see us do
All of the dumb things we want to
You ought to be with me
Hey, you ought to be with me
You don't have to waste my time
If you want to be a friend of mine
You can be denied and walk away
And turn your back for another day
You ought to be the kind of girl
That can brighten this old world
And it's hard to see why you and me
Can't be together happily
I'm trying to realize
You being with some other guy
I don't know the reason why
You ought to be with me until I die
Hey, you ought to be with me until I die
I don't want to waste my time
If you want to be a friend of mine
I want to hold you tight, love you right
Put good feelin' in your night
