Come Running To Me

Kurt Elling

Tears at night 'cause you're scared
Little girl all afraid
Stuck between night and day
Baby fell down, lost your wayBut now we're here all alone
Look and seeOoh, sweet baby
Just come running to me
Just come running to me
Come running, running to me
Come running, running to meWithout the dark
You'd never know the night
Without the hutch
You'd never know your dreamsJust come running to me
Just come running to me
Just come running to me
Come running to meJust come running to me
Just come running to me
Just come running to me
Come running to meWithout the dark
You'd never know the night
Without the hutch
You'd never know your dreamsJust come running to me
Just come running to meJust come running to me
Just come running to me
(You don't have to be afraid)
Just come running to me
(Not anymore)Just come running to me
(I'm here with you, baby, I'm yours, I'm yours)
Just come running to meJust come running to me
(You're here with me now)
Just come running to me
(I'll be there when you need me)Just come running to me
(I'm yours, I'm yours)
Just come running to me
Just come running to me
Just come running to me
