Some Distant Memory

Electronic

I don't know if we could get lost in a city this size
If we wanted to and I don't know if I could survive
Without seeing you and every time
I see your face, I feel out of placeIt's so easy, why are you leaving?
It's just because I've grown afraid of you
I wish we were at the beginning
It would be so good to be with youSee that girl? She's over there
I don't need her, she don't care
I could be one in a million
It would be so good to start againIt's so easy, why are you leaving?
It's just because I've grown afraid of you
I wish we were at the beginning
It would be so good to be with you
