

Gimme All Your Love

Alabama Shakes

So much is going on
But you could always come around
Yes why don't you sit with me just a little while
Tell me what's wrong If you just gimme all your love.. ohh
Gimme all you got babe
Gimme all your love.. ohh
Still more So tell me what you want me to do
You say a word that doesn't fit with you
Come on, just walk with me for just a little while
I can try to make it right If you just gimme all your love.. ohh
Gimme all you got babe
Gimme all your love.. ohh If you just gimme all your love.. ohh
Gimme all you got babe
Gimme all your love.. ohh
