Fantasy

Nadia Ali

How do you always know what I will say?
You seem to know me in the clearest way
I want to run and hide, keep you from finding me
You shouldnt see, what is my mysteryBut with the timing right
It could be paradise

To do this now

Would not be right I was just fine, yes I was fine I thought
I didnt think that I would get so lost

To have and not to hold and to pretend Im cold

It is a lie because I melt every timeAnd with the timing right

It could be paradise

To do this now

Would not be rightSo stay away from me Youre better off to stay as far from lovin' me

Just stay a fantasy

In the dark, in the night and in my dreamsAnd with the timing right It could be paradise

To do this now

Would not be rightSo stay away from me Stay away from meSo stay away from me You're better off to stay as far from lovin' me

Just stay a fantasy

In the dark, in the night and in my dreamsSo stay away from me You're better off to stay as far from lovin' me

So stay a fantasy

In the dark, in the night and in my dreamsSo stay away from me You're better off to stay as far from lovin' me

Just stay a fantasy
In the dark, in the night
In the dark, in the night
and in my dreams
