

# Fall Of The Sycophants

## Soulfly

I'm talking revolution  
Destroy this fucking place  
I'm talking retribution  
Destroy this fucking place  
I'm talking devastation  
Destroy this fucking place  
I'm talking execution  
Destroy this fucking place  
I'm talking confrontation  
Destroy this fucking place  
I'm talking murderation  
Destroy this fucking place  
I'm talking desperation  
Destroy this fucking place  
I'm talking desolation  
Destroy this fucking place  
A thousand years of war an hate  
Now you bow down in the city of the dead...  
I'm talking terminate  
Destroy this fucking place  
I'm talking full of hate  
Destroy this fucking place  
I'm talking bloodbath  
Destroy this fucking place  
I'm talking doomsday  
Destroy this fucking place

The rites of war brought down the walls

The fall of the sycophants...(Source of inspiration: city of the dead, Cairo, Egypt. Outro recorded live at the Nile river. Thanks to the Abdelaziz family)
