

# Little Wild One

## The Wonders

Little wild one, my little wild one  
Oh, I love my girl fine  
But when I need a wild time  
Little wild one, I'll come back to you All the girls at school  
Were never quite as cool as you  
They were all teasin', talkin'  
You were all pleasin', let's do With them I feel like I'm wastin' my time  
When you make me feel like I'm losin' my mind Little wild one, my little wild one  
Oh, I love my girl fine  
But when I need a wild time  
Little wild one, I'll come back to you With them I feel like I'm wastin' my time  
When you make me feel like I'm losin' my mind Little wild one, my little wild one  
Oh, I love my girl fine  
But when I need a wild time  
Little wild one, I'll come back  
Little wild one, I'll come back  
Little wild one, I'll come back to you
