

Our God Reigns Here

[John Waller](#)

Spirit of death you have no place here
I command you to leave in Jesus' name
Spirit of fear you have no place here
I command you to leave in Jesus' name
You're not welcome here so go, just go
Spirit of death you have no place here
I command you to leave in Jesus' name
Envy and jealousy you have no place here
I command you to leave in Jesus' name
Go back from whence you came
'Cause our God reigns here, our God reigns here
We claim this ground in Jesus' name
'Cause our God reigns
Our God reigns here, our God reigns here
The battle's won, have no fear
'Cause God reigns here, He reigns here our God
Anger and rage, guilt and shame
I command you to leave in Jesus' name
Depression, anxiety, addiction, infirmity
I command you to leave in Jesus' name
Oh, go back from whence you came
'Cause our God reigns here, our God reigns here
We claim this ground in Jesus' name
'Cause our God reigns
Our God reigns here, our God reigns here
The battle's won, have no fear
'Cause God reigns here
There's no doubt He has overcome the world
And God reigns here
There's no doubt He has overcome the world
'Cause our God reigns here, our God reigns here
We claim this ground in Jesus' name
'Cause our God reigns
Our God reigns here, our God reigns here
The battle's won, have no fear
The battle's won, have no fear
The battle's won, have no fear
'Cause God reigns here
There's no doubt He has overcome the world

And God reigns here
There's no doubt He has overcome the world
And our God reigns
