BuckCherry

Rock 'n' Roll

Tight pantsHey you see those tight pants, yeah

Over there, you see those tight pants

Yeah, you over there, oooh

Come on baby

Oh yeahWhen you move, when you shake, sometimes it's more than I can take

From your face, down to your toes, there's something I think you should knowI like your tight pants, t-t-t-tight pants

I like the way that you bust at the seams

When you wiggle that thing

So work it 'till it's hard, pack it with a thong

When you put your tight pants onThere's a spark, there's splash, every time that you shake your ass

When you walk, I know you know, your tight pants gonna steal the showI like your tight pants, t-t-t-tight pants

I like the way that you bust at the seams

When you wiggle that thingI like your tight pants, t-t-t-tight pants

I like the way that you sting like a bee

Cause your every man's dream

So work it till it's hard, pack it with a thong

When you put your tight pants on

YeahDon't ya feel proud, when we take 'em down, baby you're not fucking around

How I'm gonna last, with that sweet ass, picture perfect hour glassI wanna get in your t-t-t-tight pants

I wanna get in your t-t-t-tight pants

I wanna get in your t-t-t-tight pants

I wanna get in your t-t-t-tight pantsI like your tight pants, t-t-t-tight pants

I like the way that you bust at the seams

When you wiggle that thing, yeahI like your tight pants, t-t-t-tight pants

I like the way that you sting like a bee

Cause your every man's dreamSo don't ya feel proud, when we take 'em down, baby you're not fucking around

Tight pants
