Heavy thoughts I have that cloud my mind
Erases all that I can see

To right this wrong you've done to meChorus:
Bodies burning, the whole world is turning insane
What they do to my Brain
I've got hell if you want it
I've got hell if you need it
Stand up believe
Won't be, won't be DecievedVerse 2:
The possibilities are endless now
Time forever on my side
Until the day they come to end my life
