Tears In the Rain

N-Trance

Ad lib
Oooooh-eeee-yeeaaaahh
Oooooh-woah-ohhwooohhVerse1
I remember when the skies were blue
All I wanted was to be with you
Now the days are dark and I'm alone
Dreaming of the place I call my homeChorus
Hold me now , in your arms
the love I lost , you never found
I close my eyes , and think of you
alone again , tears in the rainVerse2
The day you stole my heart it felt so true
When you threw it back it broke in two
Until the storm inside me fades away
I'll be waiting for a brighter day
