

To Whom It Concerns

Chris Andrews

My friends please hear me do
I've got a message just for you

Solo

Now have you some-one, who you really love
a special person, who you think the whole world up
And this some-one have a hold on you
and they won't let go, but you don't want them too

And so to whom in concerns
All you see love, that's whom in concerns
you can help it, you like it, feeling this way
You got help me up, every day

You can sleep at night, 'cause love is on your mind
and that's our love, can sometimes sweet you so on kind
When at last leave come to do you dream,
my famous-wonderful person, yes the one you love
