

# Poet Laureate

## Brand X

Yo, Houston to Earth  
Watch the ripper crucify you with verse  
My urethra to ya uvula, quenches your thirst  
Put your flames out with dry desert dirt where leopards lurk  
Lock your soul down with an esoteric weapon search  
Strap a bomb to one of your labels record clerks  
And activate it as soon as they get to work  
Ring the alarm, red alert, nigga it gets worse  
Bypass security networks with select words  
Megahertz make nebulas reverse till your head burst  
Call the press first and ask them who got the best verse  
Give me the respect I deserve  
If you are what you eat, it's obvious I can't eat what I'm worth  
Yall niggas eat pussy and burp  
The other half of yall suck dick till your jaws and ya neck hurt  
When you address me nigga end your sentence with sir  
Critics went beszerk they aint even heard my best work  
See I broke into the mind by  
Quietly goin by their eardrum walls and hotwired they skulls  
Yeah I earned the name Canibus, but what did it cost?  
Battle rappers nothing but a serendipitous whore  
Niggas probably like, what da fuck he dissin him for?  
Yeah he dissed me first but you was never informed  
I'm one of the top five nigga, my shit is tight nigga  
you heard it right nigga, I rock mics nigga  
But the limelight isn't where I belong  
The top four don't even look in the mirror no more  
If they did I'd be in the mirror looking back at em, ready to grab them  
Kidnap them, and put them on my album  
I rip jackers, Rip the time space fabric  
Loop the future with the past tense looking for patterns  
Eradicate Africans that sold Africans to Saxons  
and forced black men to pay taxes  
Attack a wack bitch with counter tactics  
Split your bullet proof chases in half with a rapid gatling  
Keep firing at cha till you trapped in  
Now come back and scramble for helicopter extractions  
While I'm back and forth back braggin  
How I tortured them faggots and stabbed them with rip the jacker daggers

Slay dragons with old passages from black magic manuscripts  
I found in the cabinet written in Arabic  
Translate to characters one by one, like Arafat tarot cards suggest  
I make terrorist threats through your stereo sets  
Various anthrax carriers sendin serin to the press  
At an imaginary address, Cani's the best  
Untraceable, your pictures unpaintable, canvas thats wet  
Let me dry you of wit some of this fire I spit  
26 years old nigga look how I spit  
A microphone fiend since I was like fourteen  
My Cuban uncle used to sell cocaine, OK?  
I'm reloaded, you fuckin wit the wrong emcee  
Crudes felt your cold disease to the whole industry

Potent as Hennessey that was distilled in Tennessee  
One shot scrambles your memory indefinitely  
Nowadays a hundred bars aint impressive to me  
You stepping to me nigga do it intelligently  
You wanna battle or you wanna fuckin wrestle wit me  
You aint better than me, you just got an obsession wit me  
Canibus hybrid, the cake icing of rhyminingness  
As I grow older I get colder like the declining  
Climate of earth's environment, I'm entirely tireless  
Rhymes come from my higherness of wireless dialect  
Scientist on cyber speed design my specs  
Astral project, therein height in secs, chakras connect  
Doctors inspect what they can't possibly interpret yet  
That's why they revert to threats  
They curse and throw fits  
They like immature earth cadets, looking like Captain Kirk in a dress  
Lyrically I step on you, rip on you, then I defecate what I just digested on you  
I'm better than you, I'm better than you, I'm better than you  
Just to get the checkered flag I'll put the pressure on you  
Put the extra effort on you  
Write a motha fuckin letter to you and your editors too, threaten you  
Detective check your mail and your messenger to  
You can take this verbal slashin that I left as a clue  
Execute the type of wickedness the devil approves  
Which basically means I can do whatever witchu  
I'm a rap music mutant, wit a cool name  
Misconstrue fame but I spit butane  
Blue flames out giant CO2 tanks  
Demagnetize memory banks, enhanced, advanced  
One of a kind like modern man's retina scan  
Quick as a glance and flickers from kerosene lamps

What you want me to break first your jaw or your grill?  
What type of spit you want from me sparkling or steel  
Study law, yield draw up my own deals  
So the longer they resist me the stronger I feel  
Spread the ganglia from Tanzania to the flats of East Anglia  
Give up, you cant keep up  
The man eater in a wife beater  
Spreadin Typhoid Fever through mic receivers with light reverb  
Type in the right keywords, I might emerge  
Takes a really nice nigga to excite these nerds  
Niggas wanna see the gully in me, keep fuckin with me  
Never under pressure, I keep the pressure under me  
Bun?? Or weed, drop a freestyle on the internet then watch niggas burn the CD  
Upload a picture of your mug getting DP'd  
I'm one size away from 13, believe it she p'd  
I'm the illest and its gonna be that way for eva  
Word of mouth is good but a mouth of words is betta nigga  
No body gets sicker than the ripper!!!!!!!!!!
