

# Lights in the Sky

## Nine Inch Nails

She's mostly gone  
Some other place  
I'm getting by  
In other ways  
Everything they whispered in our ear  
Is coming true Trying to justify the things I used to do  
Believe in you Watching you drown  
I'll follow you down  
I am here right beside you The lights in the sky  
Have finally arrived  
I am staying right beside you  
Trying to stay away  
Just in case I've come to realize  
We all have our place  
Time, time has a way, you know  
To make it clear  
And I have my room and yes, I can't disappear  
Or leave you here Watching you drown  
I'll follow you down  
And I am here right beside you  
The lights in the sky are waving goodbye  
And I am staying right beside you
