Reverse

Pepper

I've got myself in a masochistic hold
Why don't you let go, shake it off but
Just to redirect my flow
Come on let's goSit up straight, I'm on a double date
I've got to find my way
Into the light, heavy, middle weight
We don't stop for rock around the clock
Motor mouthing off in front of every other road blockCome again and tell me
What you're going through
Like a girl who only knew
Her child was dueMemories of everything
On lemon trees on Mercury and
Come to me with remedies
From five or six of seven seasAnd you always took me with a smile
When I was down
Memories of everything
That blew throughLooking up into
What an undertow, give it up
Another stubborn Scorpio
Come on, let's goSit up straight, I'm on a double date
I've gotta find my way
Into the light, heavy, middle weight
We don't stop for rock around the clock
Motor mouthing off in front of every other road blockCome again and tell me
What you're going through
Like a girl who only knew
Her child was dueTo the moon
She gave another good review
Turn around and look at me
It's really, really youMemories of everything
On lemon trees on Mercury and
Come to me with remedies
From five or six of seven seasAnd you always took me with a smile
When I was down
Memories of everything
That blew throughSit up straight, I'm on a double date
I've gotta find my way
Into the light, heavy, middle weight
We don't stop for rock around the clock

Motor mouthing off in front of every other road blockMemories of everything
On lemon trees on Mercury and
Come to me with remedies
From five or six of seven seasAnd you always took me with a smile
When I was down
Memories of everything
That blew through
