## Reverse

## **Pepper**

I've got myself in a masochistic hold

Why don't you let go, shake it off but

Just to redirect my flow

Come on let's goSit up straight, I'm on a double date

I've got to find my way

Into the light, heavy, middle weight

We don't stop for rock around the clock

Motor mouthing off in front of every other road blockCome again and tell me

What you're going through

Like a girl who only knew

Her child was dueMemories of everything

On lemon trees on Mercury and

Come to me with remedies

From five or six of seven seasAnd you always took me with a smile

When I was down

Memories of everything

That blew throughLooking up into

What an undertow, give it up

Another stubborn Scorpio

Come on, let's goSit up straight, I'm on a double date

I've gotta find my way

Into the light, heavy, middle weight

We don't stop for rock around the clock

Motor mouthing off in front of every other road blockCome again and tell me

What you're going through

Like a girl who only knew

Her child was dueTo the moon

She gave another good review

Turn around and look at me

It's really, really youMemories of everything

On lemon trees on Mercury and

Come to me with remedies

From five or six of seven seasAnd you always took me with a smile

When I was down

Memories of everything

That blew throughSit up straight, I'm on a double date

I've gotta find my way

Into the light, heavy, middle weight

We don't stop for rock around the clock

Motor mouthing off in front of every other road blockMemories of everything
On lemon trees on Mercury and
Come to me with remedies
From five or six of seven seasAnd you always took me with a smile
When I was down
Memories of everything
That blew through
