

# The One I've Waited For

Austin Mahone

I built my walls up high  
But now they're falling and you're the reason why  
And with you I'm not alone  
'Cause you are the one I've waited for  
But my heart's been locked away  
I hid it inside just so I'd free yourself  
I give in, won't be afraid  
'Cause you are the one I've waited for With this love, this love, this love  
With this love, this love, this love  
I've been searching so long for a feeling like this  
'Cause you are the one I've waited for  
Girl you are the I've waited for oh, hmm yeah I said wait, the time is right  
I meet that someone that'll make me shine  
And right now that time is come  
'Cause you are the one I've waited for  
I guess you have waited too  
To fall in love with someone that's true, yeah  
So tonight, don't let it go  
'Cause you are the one I've waited for With this love, this love, this love  
With this love, this love, this love  
I've been searching so long for a feeling like this  
'Cause you are the one I've waited for  
Girl you are the I've waited for And when you believe  
I can be all you need  
I won't ever leave  
And if you and me for eternity  
'Cause you are the one I've waited for With this love, this love, this love  
With this love, this love, this love  
I've been searching so long for a feeling like this  
'Cause you are the one I've waited for  
Girl you are the I've waited for With this love, this love, this love  
With this love, this love, this love  
I been searching so long for a feeling like this  
'Cause you are the one I've waited for  
Girl you are the I've waited for Yeah you are the I've waited for
