

Sun Goes Down

Deep Purple

You're all looking up with hearts of devotion
Through the dust and the heat lost to me in a cloud of emotion
I have no motivation to keep up this breathless pace
I'm more inclined to stay here in this breathing space And the sun goes down
And the moon comes up I never tried to walk the walk 'cause the steps are elusive
The membership is too costly and exclusive
Hey, the more I've got, the more I stand to lose
So I'm gonna unpack my bags and take off my shoes And the sun goes down
And the moon comes up And the sun goes down
The sun goes down Let me tell you there's no point knocking at the big oak door
It's all full up, they can't take no more
And oh, the line's so long, it's almost Disney
Ooh, won't somebody kiss me? And the sun goes down
And the moon comes up And the sun goes down
The sun goes down
