Tell Her

Lonestar

So you say your love's about to end You say you can't take no more

She's out the door

And you're lookin' for a friendWho am I to tell you why

But I'm just curious, were you furious

Or did you swallow your pride

And look her in the eye and Tell her that you love her

Tell her that you need her

Tell her that you want her to stay

Reassure her with a kissShe may never know unless you

Show her what you're feelin'

Tell her you're believin'

Even though it's hard to say'Cause she needs to know

You're thinkin' of her

So open up and tell her

That you love herBrother, I've been right where you are now

And my heart was broke

'Cause I never spoke

Those healin' words out loudBut I've learned my lesson well

And now every night

Before I close my eyes

I look at my woman and I ask myselfDid you tell her that you love her

Tell her that you need her

Tell her that you want her to stay

Reassure her with a kissShe may never know unless you

Show her what you're feelin'

Tell her you're believin'

Even though it's hard to say'Cause she needs to know

You're thinkin' of her

So open up and tell her

That you love her

Tell her that you love herTell her that you love her

Tell her that you need her

Tell her that you want her to stay

Reassure her with a kissShe may never know unless you

Show her what you're feelin'

Tell her you're believin'

Even though it's hard to say'Cause she needs to know

You're thinkin' of her

So open up and tell her That you love her, oh yeah Tell her that you love her
