

# Becoming

Jewel

Listen, heart  
Listen close-listen  
To the melancholy  
Melody of your own voice  
I am weary of my own dreaming  
I am tired of waiting  
So this time, I'm leaping

[Chorus]

I reach-beyond myself to see  
What I find, beyond my mind, there is no time  
In this place beyond my sight  
My heart knows what is not yet seen  
I'm witnessing my own becoming

Lash myself to the  
Mantle of my desire-I will  
Turn from its temptations  
But the wanting takes me higher

I am hurting  
Oh, I am not yet born  
I am the mother and the father  
Of what is not yet known  
Darkness surrounds me  
I scratch, I struggle, I breathe

[Chorus]
