

Japanese Buffalo

Cage The Elephant

One, two, three
Four, five, six
There was a guy
And his name was Donnie B.
The loudest man in the land
Alright, okay
Alright, okay
Alright, okay
Uh, huh
How many times you cross the line
Run for days with eager eyes
Screaming smile left alone
These crazy things you do
In the forest of your mind
Haunted by the loss of time
Feet stuck frozen in the snow
These crazy things you do
Shame, shame, shame
Oh, oh, oh, oh
Shame, shame, shame
Oh, oh, oh, oh
Alright, okay
Alright, okay
Alright, okay
Uh, huh
Japanese from head to toe
Red to green, green to gold
Waiting on that buffalo
These crazy things you do
Shame, shame, shame
Oh, oh, oh, oh
Shame, shame, shame
Oh, oh, oh, oh
Run it over my skin like a cheap plastic knife
In your heart and your mind put me always aside
Do it over and again 'til it cuts to the bone
We can play by the rules or just leave it alone
It's a shame
It's a shame

It's a shame
That your heart turned to stone
Now your heart's turned to stone
Run it over my skin like a cheap plastic knife
In your heart and your mind put me always aside
Do it over and again 'til it cuts to the bone
We can play by the rules
It's a shame
It's a shame
It's a shame
