Biffy Clyro

every time i'm thinking of you
everything is grey
you know that i'm looking for some
action it's a shameinside your head
you're just a dream
i'm seeing her now
in time
your head awayevery time i'm thinking of you
everything is grey
you know that i'm looking for some
action it's a shameyour head
pretty hair
it's just the way i'm feeling now
in time
your head away
