

Finish What Ya Started

Van Halen

Come on baby Well if you wanna see other guys
Baby, I could let it slide
You want a lover, you want a friend
Mama, I can be both of them I got the tools to satisfy
Just walk away, if I fall shy at all Come on baby finish what you started
I'm incomplete
That ain't no way to treat the broken hearted
I need some sympathy I like to look, to long run
I like to take each step, one by one
Right on time, you will arrive
By keepin' the dream alive It's alive and it's kickin' inside of me
So come on baby, please Come on baby finish what you started
I'm incomplete
That ain't no way to treat the broken hearted
Come on and finish me Baby, come on
Baby, come on Come on baby, finish what you started
That ain't no way to treat the broken hearted
Come on baby, finish what you started
That ain't no way to treat the broken hearted Baby, come on
Baby, come on
Baby, come on
