

# Loser Song

## Yalta Club

I said 1, 2, 3, 4, 5  
Song for the losers in the evening time  
Little losers, goin'™ uptown, to party with girls and beers for the first time  
Time to be, time to climb  
Climb the ladder  
No girls in town  
No girls in town

What you gonna do?  
How you gonna hold on?  
Always try to keep your stereo on  
What you gonna do?  
How you gonna hold on?  
Always try to keep ...

When you try you lose  
When you talk you lose  
When you even think about it you lose  
Got too drunk on fire booze  
And even fell down when you put your shoes " on  
Like a stepping stone, you're losin'™ on and on  
Yes you're losin'™ on and on

Luck really gone, where has it all gone?  
Luck really gone "!

What you gonna do?  
How you gonna hold on?  
Always try to keep your stereo on  
What you gonna do?  
How you gonna hold on?  
Always try to keep" your stereo on
