Ricky Blaze

Intro: Oh,
yeah,
yeah,
yeah, yeah,
oh,

oh[Verse 1]

Do you know how it feels,
to wake up with someone that you love?

It feels so real
my angel was sent from above

I like to see her smile
even when I look in her eyes

I get butterflies[flies]

I don't wanna change

I don't wanna change

I don't wanna change her love

I wanna change her last name,

give her mine, onto her

but feelings first baby girl you're my world
no other girl

I just wanna make this last forever[Chorus]

My queen she's next to me,
she's next to me,

I need

her loving feel

her loving feel

just stay right by my side

just you and I

just you and I

just you and I

just you and I[Verse 2]

Baby girl you can tell your friends about us
no other girl

what's love if we don't fall in trust

I'm not trying to be the most perfect guy,
but do right in your eyes [eyes, yeah]

I know you're tired

I know you're tired

I know you're tired of the losers

But when love come my way, beggars can't be choosers
I just want to make you mine forever
ever,
ever,
ever,
forever[Chorus] (2x)
My queen she's next to me,
she's next to me,
I need
her loving feel
her loving feel
just stay right by my side
