

For a Dollar

Citizen Cope

Moved to the city, to settle a vendetta/
Ran from Estella to the hands of Isabella/
Was a good earner/ got a little butter/
Moved to Calcutta got rich by the summer,
learned an eye for an eye made her world blind/
city by city/ they built Sin-City/
Mr. Benjamin, Mr Gotti needs a shilling
cause he'd rather not walk in the guards from the prison
and there ain't.. no.. where.. this lone-ly.. road
iss a lone-ly road, wont go...
What pleases-sss your heart/ is NOT al-ways what/
ease-sss your spirit, or your soul/
For a dollar will you hear she ??
For a dollar will you feed ??
For a dollar will you mind, explaining to me why, today got bucked by tomorrow?
For a dollar...
Will you hold me?
For a dollar Will you LOVE me?
For a dollar will you mind, explaining to me why, today got bucked by tomorrow?
For a dollar...
For a dollar...
For a dollar...
....
For a dollar...
