

Blood and Tears

Sounda

Blood and tears
Blood and tears
Since you've been gone
I hear you've been crying
Blood and tears
All alone
In your misery
So alone
Could you have been deceived
Since I've been gone
I hear you been crying
You cry a thousand tears
Darling, don't despair
I know your heart still bleeds
Darling, don't you care
There's blood in your tears
All alone
In your misery
So, all alone
You are lost endlessly
Since you've been gone
I hear you been crying
You cry a thousand tears
Darling, don't despair
I know your heart still bleeds
Darling, don't you care
You cried a thousand tears
Darling, don't despair
I know your heart still bleeds
Darling, don't you care
There's blood in your
You cried a thousand tears
Darling, don't despair
I know your heart still bleeds
Darling, don't you care
You cried a thousand tears
Darling, don't despair
I know your heart still bleeds
Darling, don't you care

There's blood in your tears
There's blood in your tears
Blood and tears
Blood and tears
Blood and tears
