She Won't Rock

Fastway

She wonâ€™t rock, She wonâ€™t rock, She wonâ€™t rock. Doctor when it gonna stop?
She wonâ€™t rock, She wonâ€™t rock, She wonâ€™t rock. Doctor how long has she got?

Tell me doctor if you think thereâ€™s something wrong,
She wonâ€™t move a muscle to any kind of song.
Iâ€™ve been playing her my favorite kinda tunes,
But nothing seems to get her, not even rhythm and blues.
Give her something, give her medicine or pills,
Something thatâ€™ll get her, back onto her heals.
She needs some treatment, I think she needs it fast,
So just give her a jab of rock and roll thatâ€™s gonna last...coz

She wonâ€™t rock, She wonâ€™t rock, She wonâ€™t rock. Doctor when it gonna stop?
She wonâ€™t rock, She wonâ€™t rock, She wonâ€™t rock. Doctor how long has she got? [2x]

Tell me doctor if you think itâ€™s gonna last,
Is her condition terminal or is it gonna pass
We were so happy when she was into sound,
Ainâ€™t there some operation, to help to bring her round?
Conditionâ€™s serious, Iâ€™m not sure she can hear,
Ten milligrams of heavy rock pumping in her ear
Shouldnâ€™t end like this, weâ€™ve got to try at least,
To give her back some rock or else sheâ€™ll never rest in peace ...coz

She wonâ€™t rock, She wonâ€™t rock, She wonâ€™t rock. Doctor when it gonna stop?
She wonâ€™t rock, She wonâ€™t rock, She wonâ€™t rock. Doctor how long has she got? [2x]
[Guitar Solo]
She wonâ€™t rock, She wonâ€™t rock, She wonâ€™t rock. Doctor when it gonna stop?
She wonâ€™t rock, She wonâ€™t rock, She wonâ€™t rock. Doctor how long has she got? [4x] [Fade out]
