The Witching Hour

Philip Selway

Take me, take me
Out into the night
Show me, show me
Wonders and delightsFaces 'round a fire
Lights across the sky
The witching hour
They're calling me now
I know who you areHold me, hold me
I am like a child
Waiting, waiting
Motionless and wiredFor the night to pass
Whispers in the dark
The witching hour
They're calling me now
I know who you are
Who you areAnd those I love
Will carry me home
Will carry me homeAnd those I love
Will carry me home
Will carry me homeAnd those I love
Will carry me home
Will carry me homeAnd those I love
Will carry me home
Will carry me home
