Cuba Libre

Willy Chirino & Celia Cruz

Na, na, naHer eyes were oceans of freedom, my mind strong like a kingdom
Nothing in this world could break our hearts
I close my eyes and believe in, one day we'll meet when we're dreaming
That's the only place where we can hideClimbing the hill's like a lion, we will never give up trying
No one could have forced our love apartLibre love, libre us
Take me to the place where we can beCuba libre be my love tonight
She was running down the street of solitude
Cuba libre be my love tonight
A lonely rose was bleeding from the root
And they sang, na, na, naI close my eyes and believe in
One day we'll meet when were dreaming
That's the only place where we can hide
The music we made together, will always be there forever
Goodbye my love sleep tight tonightLibre love, libre us
Take me to the place where we can beCuba libre be my love tonight
She was running down the street of solitude
Cuba libre be my love tonight
A lonely rose was bleeding from the root
And they sang, na, na, naLibre love, libre us
Take me to the place where we can beCuba libre be my love tonight
She was running down the streets of solitude
And they sang
Cuba libre be my love tonight
A lonely rose was bleeding from the root
And they sang, na, na, na
