

# Believe Me (Alternative Version)

## Badfinger

Believe me, if I wanted  
Spend the rest of my time with a mean, lean, woman like you  
Would I?  
If I needed, but I don't Will I?  
If you want me  
Give you all the love in the world that a man could  
Still I, if I needed, I could Then I could cry your name and you would come  
There'd be no need for me anymore, anymore! Believe me, if I wanted  
Spend the rest of my time with a mean, lean, woman like you  
Would I, if I needed, but I don't
