Mean

Bloc Party.

The times when you are sleeping
I wonder what you're dreaming
I wonder what your eyes, what they see
Yes, I know you're right
Always,
Who was I to think I'd have a chance

What, what do you see
When we're alone, say what you mean
What, what do you feel
When you turn away, turn away
You're being mean

Sometimes when you are sleep
I get the strangest feeling
Of all the things I could do
Whilst you lay
Gazing at your face makes me forget my faith
Who was I think I'd stand a chance

What, what do you see
When we're alone, say what you mean
What, what do you feel
When you turn away, turn away
You're being mean

Yes, I know you're right
Always,
Who was I think I'd stand a chance

What, what do you see
When we're alone, say what you mean
What, what do you feel
When you turn away, turn away
You're being mean
