

Turn (feat. Chaka Khan)

Rufus

Turn, turn, turn
(Turn, turn it around)
Turn, turn, turn
Turn, turn, turn
Turn, turn, turn Bring on all the seasons
Repeat your earlier deeds
Show the children your face
Most of all teach them to Turn, turn, turn
(For the better)
Turn, turn, turn
Turn, turn, turn
Turn, turn, turn Bring on all the colors
Don't let me forget for a moment
What I have to do
It's all so necessary for you to Turn, turn, turn
Turn, turn, turn
(For the better) We will rehearse long and hard
For the big celebration
Spread the leaders among us Like the heat's in the sun
Like the blue is in the sky
Like the peace in the eyes
Of the believers of God Turn, turn, turn
(Turn it around)
Turn, turn, turn Well, if there's a will, there's a way
If we're strong, it will pay
Look at the babies all around us Like the moon in the night
Like a bird takin' flight
Though this world is not right
We got to show them the way Turn, turn, turn
Turn, turn, turn
Turn, turn, turn
Turn, turn, turn Turn, turn, turn
Turn, turn, turn
Turn, turn 'round
Turn, turn, turn, turn 'Round and 'round
And 'round and 'round
And 'round, turn 'round Turn, turn, turn
Turn, turn, turn
Turn, turn, turn

Turn, turn, turn
