The Way

Buzzcocks

It happens right before your eyes
But still it takes you by surprise
You see it walking on TV
I even saw it on a documentary
Ignorant kills, it's a clash of wills
No palace is gonna kill your ills
I'm feeling kind of in the treat
Patience and [?] so sweetSo keep straight face and look me in my eye
And say you wouldn't get this from any other guy
I haven't got the time to spend
The way he was, not the way you were
Uninspired, I'm sick and tired
You have [?] totally wild
Stay with me and we could have some fun
After all we're all just a bunch of no-ones
[?] From Dusk Till Dawn
Nowhere to hide from the suicide bomb
[?] come inside to play
You wouldn't even [?] through the [?] dark waySo keep straight face and look me in my eye
And say you wouldn't take this from any other guy
You sit in castles in the air
The way he was, not the way you were
The way he was, not the way you were
The way he was, not the way you were
The way he was, not the way you were
So keep straight face and look me in my eye
And say you wouldn't get this from any other guy
I haven't got the time to spend
The way he was, not the way you wereSo keep straight face and look me in my eye
And say you wouldn't take this from any other guy
You sit in castles in the air
The way he was, not the way you were
The way he was, not the way you were
The way he was, not the way you were
The way he was, not the way you were
