

This Kid's / Between the Walls

UFO

Kid's gettin' tired, hangin' around
So cocksure, thinkin' aloud
Can't get it in, can't get it out
Sure ain't enough and there ain't no doubt You can't stop a train with just a smile
Stop me at the start only for a while
Hole in my pocket and a hole in my arm
All that's left now when life's lost it's charm This could be for us just any other day
So come on girl, we really got to get away
It's the only chance you'll ever have to change
Or stick in this city will drive you insane Kid's gettin' tired, hangin' around
So cocksure, thinkin' aloud
Can't get it in, can't get it out
Sure ain't enough and there ain't no doubt
