We All Fall Down

The Rigs

Brother, can you lend me your breath
'Cause I'm drowning, there's no air left
Sister, can I look through your eyes
'Cause the darkness has swallowed my sightJust ashes on the ground
Rings and rosies round
We all fall downWait, I know its been a long road
Prodigals don't always come home
But I'll be alright
Wait, I'm between shadows and sunlight
But your love gets me through dark nights
And I'll be alright
Yeah I'll be alrightMother, can you lend me your tears
'Cause mine have dried from the heat of these fears
Father, can you give me your heart
'Cause I need to feel the blood of home nearJust ashes on the ground
Rings and rosies round
We all fall downWait, I know its been a long road
Prodigals don't always come home
But I'll be alright
Wait, I'm between shadows and sunlight
But your love gets me through dark nights
And I'll be alright
Yeah I'll be alrightWait, I know its been a long road
Prodigals don't always come home
But I'll be alright
Just wait, I'm between shadows and sunlight
But your love gets me through dark nights
And I'll be alright
Yeah I'll be alright
