

# Holy One

## Broken Walls

Holy One

From the birth of the trees  
To the start of you and me  
He's proven there's no limit

To possibility

There's safety, healings, and breakthroughs in Thee  
Holy One You are, Holy One to me.

Able One

From the birth of the trees  
To the start of you and me  
He's proven there's no limit

To possibility

There's safety, healings, and breakthroughs in Thee  
Holy One You are, Holy One to me. (repeat and end)
