

# Suffer

## Afrika Bambaataa & The Soulsonic Force

Slip and give a fake  
Let you feel a little stronger  
My eyes awake  
You think I'm rollin' over  
You wonder how I feel  
Now that you're under  
You can't breathe  
Can't hold it any longer  
I'll, I'll make you suffer  
Fear is your only reason  
You never thought  
That you'd see me in another season  
Now I feel the need to make you suffer  
Now you see the face  
Of the one that took you over  
You can't believe  
How it ended up, you stumble  
I'll never let you have a chance  
Now you wonder  
You can't breathe  
Can't hold it any longer

Fear is your only reason  
You never thought  
That you'd see me in another season  
Now I feel the need to make you suffer  
Fear is your only reason  
You never thought  
That you'd see me in another season  
Now I feel the need to make you take it  
Think what you want, I've always seen  
The shade of your color scheme  
I cut through your bullshit talk  
I stomp on your \*\*\*\*\* up walk  
Fear is your only reason  
You never thought  
That you'd see me in another season  
Now I feel the need to make you suffer  
Fear is the only reason

You never thought  
That you'd see me in another season  
Now I feel the need to make you suffer
