

Odds and ends

Bob Dylan

I stand it all and I shake my face
You break your promise all over the place
You promised to love me but what do I see?
Just you comin' and spillin' juice over meOdds and ends, odds and ends
Lost time is not found againNow, you take your file and you bend my head
I never can remember anything that you've said
You promised to love me but what do I know?
You're always spillin' juice on me like you got someplace to goOdds and ends, odds and ends
Lost time is not found againNow, I've had enough, my box is clean
You know what I'm sayin' and you know what I mean
From now on you'd best get on someone else
While you're doin' it, keep that juice to yourselfOdds and ends, odds and ends
Lost time is not found again
