

Without You

for KING & COUNTRY

What do you do when you don't get better
Strong arms get too, get too weak to hold her
Oh God, give me just enough strength to make it through
Sleepless, this madness is walking me out to the ledge
And stands there beside me, shivering out on the edge
And oh God all I, all I ask is a little relief, just a moment of peace
I don't want to live without you
I'm not ready to live without you
So let's dance a little, laugh a little, hope a little more
'Cause I don't want to leave without you, without you
This thorn in my side, though it cuts and stings me
Has opened these eyes, I've never seen so clearly
And oh God, I thank You, 'cause You bring me to my knees
Back on my knees I heard a voice from the other side singing
Hold fast, love lasts
As winter turns into summertime singing
Hold fast, love lasts
I heard a voice from the other side singing
Hold fast, love lasts
As winter turns into summertime singing
Hold fast
So let's dance a little, laugh a little, and hope a little more
Yes, let's dance a little, laugh a little, and hope a little more
'Cause I don't want to leave without you
No, I don't wanna live without you, without you
