

Did I Let You Know

Red Hot Chili Peppers

I'm coming for ya 'cause,
'cause I adore ya and,
I like to get inside your mass production.

This indecision has,
has got me cringing well,
I can't resist the smell of your seduction.

Did I let you know?
Would you like to go?
Unwrap the package with how much persuasion?

Did I let you know?
Would you like to go?
I wanna dance to every days' occasion.

(Chorus)

This I know! Yeah this I know!
(Take me home well take me home)

This I know, we're not alone.
(Take me home, take me home)

When we envision a,
lack of division and,
the planet does another revolution.

The day I blew on ya,
you said I grew on ya,
turns out that we are all the one solution.

Go!

(Trumpet Solo)

Ha ha!

I'm coming at you well,
year of the cat too and,
I like the sound of your articulations.

Want to arouse her and,
maybe espouse her well,
she showed me love without the stipulations.

(Chorus)

This I know! Hey this I know!
(Take me home well take me home)

This I know, we're not alone.
(Take me home, take me home)

(Guitar Solo)

Ha ha!

I wanna lean on ya,
get Jan and Dean on ya,
it's time to sway a little mass perception
I liked you cheeky well,
oh so mozambiquey and,
I think the world could use a clear connection.

(Chorus)

This I know! Yeah this I know!
(Take me home well take me home)

This I know, we're not alone.

(Take me home, take me home)

This I know! Hey this I know!

(Take me home well take me home)

This I know, we're not alone.

(Take me home, take me home)

x3

Did I let you know?

Would you like to go?
