

# Cloudbusting

Kate Bush

I still dream of Algernon  
I wake up crying you're making rain  
And you're just in reach  
When you and sleep escape me You're like my yo-yo that glowed in the dark  
What made it special made it dangerous  
So I bury it and forget But every time it rains  
You're here in my head  
Like the sun coming out Ooh, I just know that  
Something good is going to happen  
And I don't know when  
But just saying it could even make it happen On top of the world looking over the edge  
You could see them coming  
You looked too small in their big, black car  
To be a threat to the men in power I hid my yo-yo in the garden  
I can't hide you from the government  
Oh, God, daddy, I won't forget 'Cause every time it rains  
You're here in my head  
Like the sun coming out Ooh, I just know that  
Something good is going to happen  
I don't know when  
But just saying it could even make it happen And every time it rains  
You're here in my head  
Like the sun coming out  
Like your son's coming out Ooh, I just know that  
Something good is going to happen  
I don't know when  
But just saying it could even make it happen Just saying it could even make it happen  
[Incomprehensible] The sun's coming out  
Your son's coming out
